*RE: BLCI Live Well San Diego Partner Application*

Dear Nick,

Barrio Logan College Institute (BLCI), in its twenty-first-year anniversary, continues with its mission to transform the lives of underserved youth through the ABCs: Academic Support, Behavioral Development, and College Knowledge. To date, BLCI celebrates 100% college enrollment, 132 and counting graduates, and 48 graduated from college.

Our goal is to break the cycle of poverty by preparing underserved students to be the first in their families to go to college through after school programs that begin in third grade. Our after-school enrichment program is a pipeline that begins in the third grade and continues through post college graduation.

BLCI works collaboratively with local schools, educational nonprofits, public agencies, businesses, philanthropy, and other community leaders who have developed programs for social change, and recognize that our efforts strongly align with San Diego County's Live Well San Diego Program to support a San Diego region that is healthy, safe, and thriving. As such, BLCI will contribute to the Live Well San Diego initiative by participating in collaborative efforts and educational opportunities with the programs broader network.

We are excited about this opportunity to work with the County of San Diego and other partners in the community, to help advance the principles and outcomes of a strong Live Well San Diego Program.

Kind regards,
