RE: Biocom's resolution to become a *Live Well San Diego* Partner

Dear Mr. Macchione:

WHEREAS, the Live Well San Diego vision is about uniting all sectors—business, schools, military and veteran's organizations, community- and faith-based organizations, and all levels of government—in order to bring about positive change; and

WHEREAS, Biocom has a shared vision of collective impact in engineering the future of health leveraging and the strengths of our region and specifically the innovation of its members. By working collaboratively across the private and public domains, Biocom can make important contributions to the mission of Live Well San Diego to build healthy, safe and thriving communities; and

WHEREAS, Biocom is committed to continuing to advance Live Well San Diego into the future, and is embracing strategies of this initiative in ways illustrated here:

- Building a Better Service Delivery System by facilitating the participation of its member companies in Live Well San Diego initiatives and through its action committees seek to involve diverse members of the community in collaborative projects;
- continuing to leverage the Big Data and Digital Health Committees, to support the advancement and success of the Precision Medicine field;
- and, to leverage its event platforms including its major community facing event, The San Diego Festival of Science & Engineering, to help inform and engage the community about Live Well San Diego programs and initiatives.

Our Executive Leadership has whole heartedly approved the request to become a San Diego Live Well Partner.

Sincerely,

George Bonaros, Chair  
Big Data Committee/Biocom
