

Encinitas Community Garden  
Board Resolution  
Live Well San Diego  
September 1, 2015

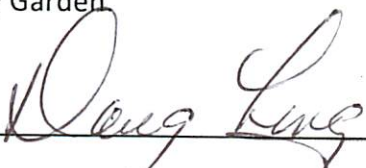

WHEREAS, the mission of Encinitas Community Garden is to enhance the quality of life for the people of Encinitas by creating an organic garden that provides access to a site where locally produced food can be grown in environmentally sustainable ways.

WHEREAS, the purpose of Encinitas Community Garden is to increase sustainable urban food production by teaching the community how to grow food that is healthy and affordable.

WHEREAS, Encinitas Community Garden promotes supportive community gardening where members can share tools, skills and inspiration.

NOW, THEREFORE, be it resolved that through these programs Encinitas Community Garden supports the County of San Diego's, Live Well San Diego initiative and joins as a partner organization on the path of promotion of positive choices that encourages people to improve their lives in the area of nutrition. Specifically, the Encinitas Community Garden directly promotes Live Well San Diego's goals of improving the health of residents, creating more resilient communities and cultivating opportunities for residents to connect and enjoy a higher quality of life.

Passed and ADOPTED, this 1<sup>st</sup> day of September 2015 by the Board of Directors of Encinitas Community Garden
