A DIVERSIFIED REAL ESTATE COMPANY

Dear Mr. Matthews,

Integral Communities is committed to the goals and vision of the County of San Diego's Live Well San Diego (LWSD) initiative and would be honored to become an official LWSD partner.

We have a dedicated mission of bettering communities and the lives of people who live in them. Our designed community projects focus on healthy lifestyles, public safety and offering a sustainable living opportunity for our residents to thrive. Integral approaches underutilized and undeveloped parcels of land and transforms them into a solution that better serves the needs of communities today.

Our goal is to foster economic growth and sustainability through the following commitments:

- Utilize sustainable amenities, such as: solar, EV bike shares, rain water catchment, and educational programs to inspire residents to make healthier life choices.
- Continued involvement in the community through partnerships and events that foster economic growth and inclusion.
- Design projects that promote a foundation of support through opportunities in innovation, recreation, education and housing that is affordable, attainable and sustainable.
- Maintain connections with local police and fire departments to deliver safe, accessible and reliable living environments.

We look forward to our partnership with the County of San Diego as we work together to improve the health, safety and overall quality of life for our region.

Sincerely,

Lance Waite  
Principal
